Targeted Interventions & Intensive Individual Services

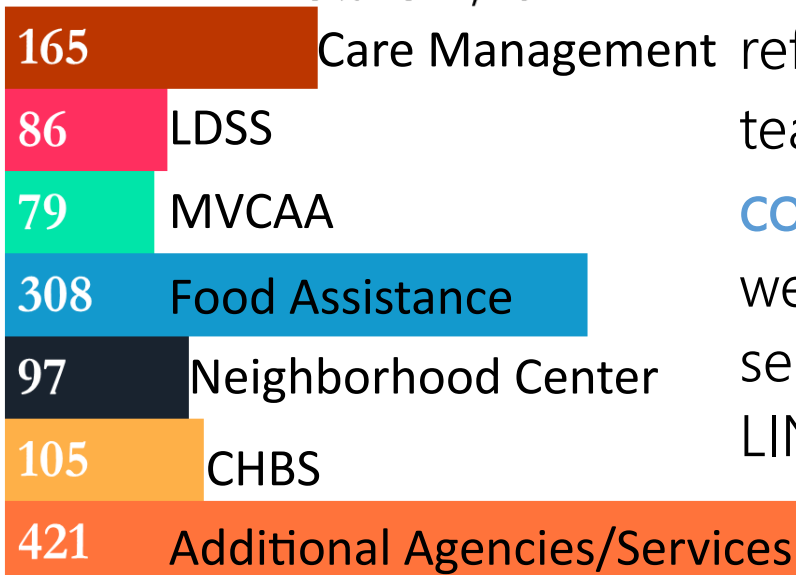

Identified Needs of 562 LINK Referrals

All who came through the LINK pipeline were assessed for any needs, on both an individual and household level, to ensure they have a strong network of support in place and that each member of their team is working together to meet these needs, both short and long-term.

Referred individuals were connected with any of our 100+ partners based on their specific needs.

Outgoing Referrals – Total of 1,261

From the 562 LINK referrals received by the team, **741 outgoing connections and referrals** were made to outside services and agencies by LINK coordinators.

Additionally, a total of 366 families and 423 unduplicated students received in-school supports.
